Interface®

# In Stock Collection

A collection of design-led carpet tile  
and LVT to suit your space and budget  
— all available in stock.

For 33 years, OFIS has been a trusted partner, collaborating closely with architects and interior designers in the UAE. Our goal is simple: to provide top-notch furniture and flooring solutions across various sectors. As custodians of sustainable and research-based brands, we offer complete space solutions, fostering wellbeing and productivity for our clients. Being part of the esteemed conglomerate, Easa Saleh Al Gurg Group, pursuit of excellence is an integral part of our core values.

# A design-led offering

OFIS is the exclusive dealer for Interface carpet in the UAE. We understand the importance of maintaining creative design integrity even on quick turnaround projects. That's why we've meticulously selected carpet tile and LVT products from the Interface portfolio, available at a range of competitive price points and super short lead time. Our goal is to make it easy for you to bring your design vision to life without compromise.

All products in the Interface portfolio come with a **15-year warranty**, guaranteeing quality and peace of mind. Our team of experts is always available to assist with any service requests across the UAE.

For more information or to place an order, please reach out to your local Account Manager directly or contact our helpful Customer Care team at OFIS.

## GlasBac®

### A Strong Foundation for Modular Flooring

Glasbac® is a fiber glass reinforced thermoplastic composite. It provides exceptional dimensional stability and it's a superior barrier to moisture. Our GlasBac® backed carpet tile products now have an average of 40% post-industrial recycled content.

standard on all carpet products

## Sound Choice™

### LVT acoustic backing

Designed specifically as the integrated and standard backing of all our LVT collections, the Sound Choice™ acoustic backing reduces impact sound by 16dB to avoid disturbances between floors and rooms – making it ideal for multi-story office buildings, education, healthcare and hospitality environments.

standard on all LVT products

## TacTiles®

### Easy installation

The combination of flexibility and great environmental credentials make TacTiles® a great solution. TacTiles® are used to create a floating floor – meaning no need for adhesives, mess, drying time and a reduction in damaging VOCs.

glue-free installation
