

Marina

Marina's poised aesthetic with svelte legs and gentle curved edges converge to create a beautifully refined working environment with a common design story.

Creative Space

Marina creates infinite possibilities with one core structure and a variety of interchangeable elements that address a workplace's evolving functional and emotional needs, and stimulates rich, effective workspaces.

Multifunctional Space

Compatible with a range of worktops, panel solutions and accessories, Marina is designed to meet the flexible culture of today's work environments offering multifunctional solutions to suit concentration and collaboration spaces.

Executive Space

Marina's refined elegance can be applied to executive offices and reception areas with a flexible array of work and table tops, including natural timber veneer or laminate.

Meeting Space

Through innovative design and engineering, Marina's svelte profile is also available for meeting and conference environments in various shapes, and lengths of up to three metres, still with only four, beautifully refined legs.

Marina Specifications

Marina is a lightweight design that minimises material. It is modular for easy reconfiguration and low consumption churn.

A typical 120-degree configuration will achieve the maximum 7 Credits for Green Star Office Interiors MAT-1 Workstation.

Marina features polished or powder coated aluminium height-adjustable legs with a total height adjustment range of 675mm to 750mm. Marina tops are available in natural timber veneer or laminate.
