

Vienna sideboard - French braiding

Vienna

Beautiful, extravagant, and yet infinitely classic. With its expression, traditional wooden craftsmanship and Scandinavian design, Vienna has an instantly eye-catching quality. The Vienna sideboard has a beautiful rounded wooden frame, a discipline that requires a solid knowledge of the craft. The Soft-close doors are available in two different variants, both are unique and the choice can be difficult. The braided veneer is handmade and requires extra finesse – the end result is both beautiful and elegant. The perfect home for your little art pieces, framed memories and atmospheric candleholders.
